Commissioner for Patents

See attachment why the response filed on 5/8/06 is considered to be a non-responsive response/amendment.

DETAILED ACTION

1. The reply filed on 3/27/06 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): As indicated that applicant had originally elected claims that were directed to a trim. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).

In conclusion, claims that were filed on 7/11/05 were restricted because newly submitted claim 8-12 were directed to an invention that was not originally claim. If applicant had provided all claims in the original filed application a restriction would have been sent. As of now the application has no claim that is directed to an invention that was originally presented. The reason for withdrawing the claim is stated in the Final Office Action paragraph 1.

After filing of an RCE on 9/1/05, applicant canceled all previous claims that were directed to the originally elected invention and now the application has claims that are drawn to a non-elected invention. Applicant has received actions to the merits of the original elected invention.

Claims 8-14 as filed on 5/8/06 read on an invention that was not elected originally. Furthermore applicant should provide proper status identifier for the claims.
